

SO YOU'VE GOT THE JOB...

... NOW WHAT DO YOU DO IF PROBLEMS COME UP?

I CAN'T WORK TILL 7 A.M. AND STILL GO TO SCHOOL TOMORROW!

THEY'RE ALWAYS TELLING ME TO DO THINGS WITHOUT TELLING ME HOW. IT DOESN'T FEEL VERY SAFE!

I DON'T LIKE BEING HIT ON ALL THE TIME BUT I NEED THIS PAYCHECK!

WHAT ARE MY RIGHTS!

For more information and to contact us refer to the back of this flyer.

every year...

**200,000 TEENS ARE INJURED ON THE JOB IN THE U.S.
100,000 OF THEM REQUIRE EMERGENCY ROOM TREATMENT.
70 OF THEM DIE.**

These injuries can be prevented when teens and employers know the laws; when workplaces are designed for safety; and when teens get good health and safety training and are encouraged to speak up about their questions and concerns. The California Resource Network for Young Worker Health and Safety brings together organizations that serve teachers, employers, youth, parents, and job trainers to help provide this information.

From the Network, you can receive:

- *factsheets for teens and employers*
- *workshops for job trainers, teachers, or employers*
- *materials for teaching about health and safety*
- *answers to questions about child labor laws*
- *advice and resources*

The Network is funded by the California Department of Industrial Relations. Network activities are coordinated by UC Berkeley's Labor Occupational Health Program. For more information on specific resources and services, call LOHP, 1-888-933-TEEN (8336) or individual Network members.

*California Association of Work Experience Educators
(CAWEE)
